<p>1. AEGASSOWARY/3 reported on 30 September 1958 that while he was in Brussels during the last half of September 1958, he and several of his church colleagues chanced to meet and speak with several Ukrainians visiting the Fair from the Ukrainian SSR. One of these Ukrainians, unidentified by name, was a young male teacher from Lvov who apparently teaches in an orphanage which either was supported by or connected in some way with local Basilian fathers. Having identified AEGASSOWARY/3 to be connected with the Greek Catholic Church (Byzantine-Slavonic Rite), this teacher revealed that some of his Basilian friends in Lvov had instructed him to seek out and pass some information to one of three Basilian Fathers in the West, whom he identified to be Th MYSKIV and Ireneus NAZARKO (stationed in Rome) and Volodymyr GAVLICH (stationed in Vienna). This teacher refused to reveal more information than this about this matter. However, he did say that he and his group expected to visit Rome during the latter part of September and first week of October, and that he would probably look for MYSKIV and the others in Rome.</p> <p>2. GAVLICH visited [] during 13-14 September 1958 when he stated he was leaving for Lourdes and Brussels and that he would visit Rome for about a week as of 28 September 1958. (Data imparted by GAVLICH is found in Attachment A.) From GAVLICH's letter, dated 15 October 1958, [] learned that GAVLICH returned from Rome about 14 October 1958, much later than he anticipated. He indicated he had something urgent and confidential to relay and requested [] to visit him in Vienna since his duties were many in view of his late return (NOTE: [] did not comply).</p> <p>3. From the letter's text and an enclosure it is obvious that GAVLICH and the unidentified Ukrainian from Lvov established contact and that GAVLICH had further information to relay as the result of these discussions. GAVLICH probably can identify the aforementioned Ukrainian from Lvov and, knowing GAVLICH, it is very probable that he established a communications channel with the Ukrainian. A translation of the contents of the enclosure is forwarded as Attachment B.</p>
